The Movie Foreplay Game

This next foreplay game is awesome as you are going to be playing it for at least an hour with your man. You are going to be watching a movie together...lets say 'Friends With Benefits'. Before you start watching it, you are going to make a list of 10 – 15 actions/phrases that will be said a lot during the movie, like: 'New York', Jamie and Dylan getting it on, flashmobs dancing, etc. For each phrase or word, you need to make a corresponding action that one of you has to perform.

Here are some examples:

- Every time someone says, 'New York', you have to kiss your man.
- Every time someone says, 'Sex', your man has to kiss you.
- Every time someone says, 'John fucking Mayer', you have to give your man a handjob for 30 seconds.
- Every time Tommy hits on Dylan, your man has to massage your breasts for 30 seconds.

The really great thing about this game is that both of you will be eagerly awaiting the end of the movie.

I have fantasized about having sex with a total stranger.

Tori Black

Autograph Sessions:
8:30-11 pm Friday
2:30-4 pm Saturday
8:30-11pm Saturday

The world's most recognizable adult film star, Tori Black will be on the Main Stage for a bit of Q&A with the delightful Madge Enthart!

(see page 11 for schedule)

Want a photo with the beauty herself? During her autograph sessions you can have your photo taken with Tori for a crisp \$20!

Tori Black began performing in adult films in her late teens. Her extraordinary looks and lithe body are more akin to an upper level fashion model than the rounder curves more commonly associated with adult film actresses.

Tori Black was the Penthouse Pet of the Month for December 2008 and the Twisty's Treat of the Month for September, 2009.

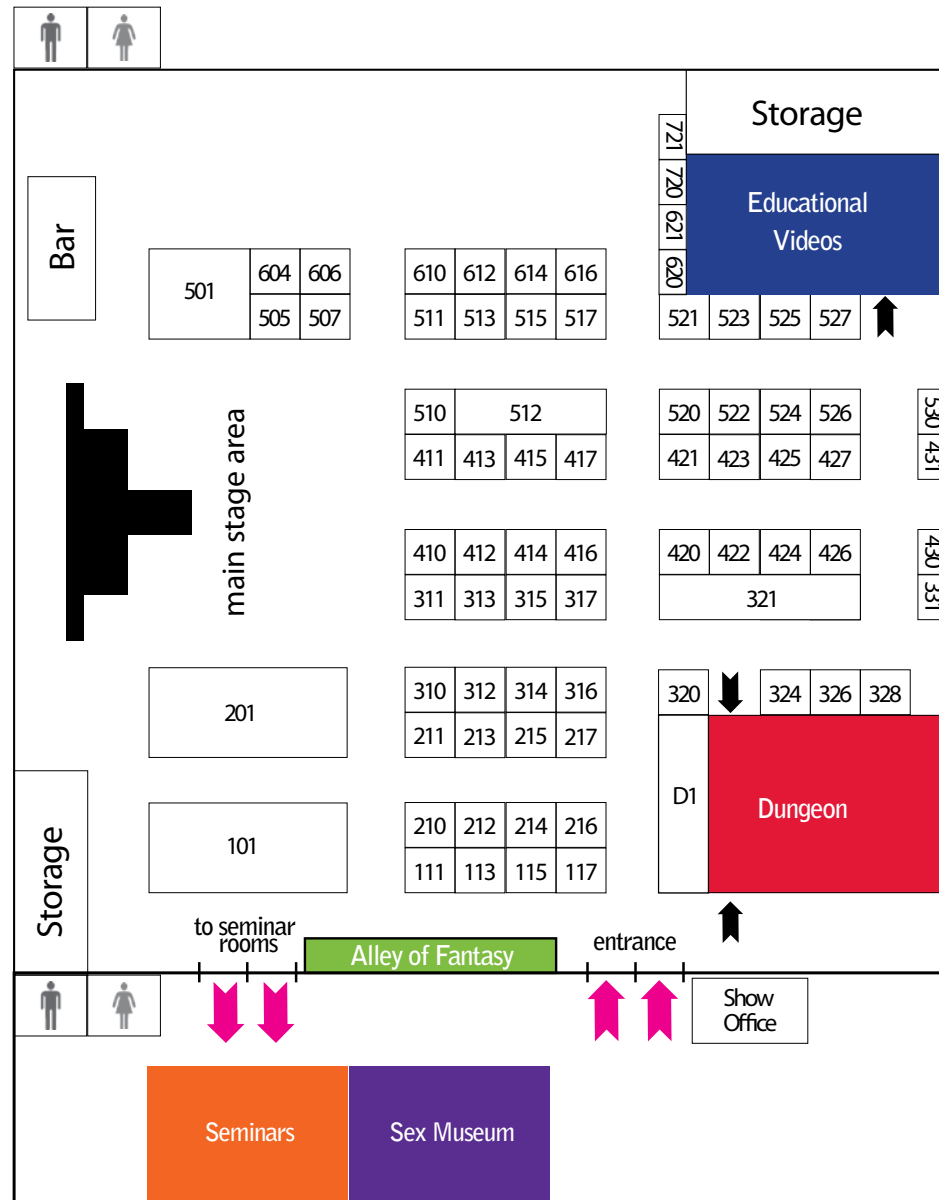

Among the awards Black has won are an XRCO Award for Cream Dream, a CAVR Award for Hottie of the Year, and a FAME Award for Favourite Rookie Starlet in 2009, a CAVR Award for Star of the Years and an XBIZ Award for Female Performer of the Year in 2010, and back to back AVN and XRCO Awards for Female Performer of the Year in 2010 and 2011.

She has the distinction of being the first ever adult film star to win AVN Awards two years in a row in this particular category. Tori is also the only performer in adult movie history to win 8 x AVN awards in one show in Jan 2010.

Also in 2010, Tori was named one of the top twelve female stars in porn by Maxim magazine and one of the single most popular stars in porn by CNBC in 2011. Ms Black had a guest starring role in episode 3, "Gem and Loan", of season 2 of the Showtime series Ray Donovan where she played porn star Lexi Steele. She also appeared in the film L.A. Slasher.

Many would argue Tori Black is the world's most recognizable female adult star and we are thrilled that she is appearing at Sexapalooza Ottawa 2015.

Have you got a Dirty Mind?

(One point for each correct answer)

1. When I go in I might cause pain. I cause you to spit and ask you not to swallow. I can fill your hole. *What am I?*
2. A finger goes in me. You fiddle with me when you're bored. The best man always has me first. *What am I?*
3. I'm spread before I'm eaten. Your tongue gets me off. People sometimes lick my nuts. *What am I?*
4. I go in hard. I come out soft. You blow me hard. *What am I?*
5. All day long, it's in and out. I discharge loads from my shaft. Both men and women go down on me. *What am I?*
6. I come in many sizes. When I'm not well, I drip. When you blow me, you feel good. *What am I?*
7. If I miss, I hit your bush. It's my job to stuff your box. When I come, it's news. *What am I?*
8. I offer protection. I get the finger ten times. You use your fingers to get me off. *What am I?*
9. I assist an erection. Sometimes big balls hang from me. I'm called a big swinger. *What am I?*
10. I'm commonly found in the range of 6 inches long. I'm used by both sexes. I have a clump of little hairy things at one end and a small hole at the other. I leave behind a sticky white substance. *What am I?*

Talking to Your Partner About BDSM

By Ms. Morgan Thorne

With the current media buzz around the new 50 Shades of Grey movie, a lot of people are getting interested (or admitting their interest) in BDSM. How do you introduce the idea to your partner though? It can be a bit intimidating, if it's not something you've talked about before.

One great way to open the dialogue is right here at Sexapalooza! At the show you will find seminars geared to kink, specifically for people who are just starting out. You can also visit the dungeon area to learn about what's happening locally - including workshops (instruction on a specific skill set), munches (low-key gatherings in public places), public play parties (large scale events open to the public) and semi-private or private play parties (smaller events at local dungeons with a guest list). You can also shop for some great toys with the vendors, many of whom will be able to offer advice on the use of said toys.

A fun way to start talking is over a romantic dinner; you can lead the conversation to talk about fantasies as a way of broaching the subject of BDSM. Ask your partner what their fantasies are or offer up a kinky one of your own to get things rolling. A glass

of wine or two may help with some courage (just remember that alcohol and play don't mix).

BDSM checklists are a popular way of discovering what you and your partner are interested in trying out. Fill one out together then try out the things where your desires overlap. Start slow and don't do anything you're not comfortable with (some kinky activity do require instruction).

Reading one of the many books on kink with your partner is another way to explore. You can each read a chapter and discuss what you liked or didn't like from there.

One of the key parts of BDSM is communication. So Sexapalooza should just be the starting point of a larger conversation. Hopefully you feel pretty good about talking to your partner about intimacy, because it's an important skill, not just in kink, but in your relationship overall. Don't worry if you don't yet, like most skills, practice makes perfect!

50 Shades of Vanilla

You may be kinkier than you think!

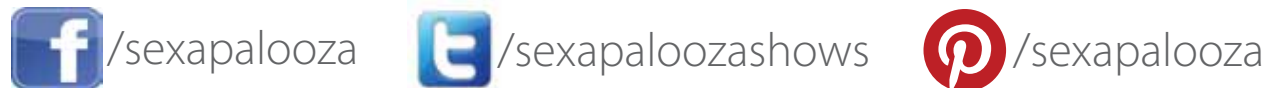

With 50 Shades of Gray's premier approaching, its no surprise that most of us think we already have an idea of what BDSM (Bondage, Discipline/Dominance, Submission/Sadism and Masochism) is. The reality is, E.L James' trilogy provided merely a glimpse into only ONE type of sex between a dominant, wealthy, privileged man and a submissive, somewhat naïve, "inexperienced" young woman. These characters do not represent the true BDSM communities where various shapes, sizes, ethnicities and economic statuses preset in our society are represented.

Additionally, there are numerous levels of interest, engagement and goodies to test/play with/use within BDSM, showing the value this lifestyle places on acknowledging and respecting an individuals' unique sexual needs, wants and desires.

Have you ever enjoyed being blindfolded during sex? What about getting a nice smack on the ass once in a while, or even tying down your sexual partner with handcuffs? Ever been interested in involving floggers, paddles and/or whips to your next sexual experience? Better yet, getting creative and making your very own red room full of goodies to try out?! All of these interests belong under the category of BDSM, which is an umbrella term to describe a form of recreational sex play hinging on the consensual exchange of power. Contrary to the popularized ideals and displays of BDSM in media, elements of sexual consent, conversations about safety, mutual trust and respect, and using safe words to indicate boundaries and limitations create the foundation of the BDSM lifestyle.

So, the next time you think your sex life may resemble 50 Shades of Vanilla more than 50 Shades of Gray, remember that those shades of vanilla have their place among the BDSM community, as do you! Here's to many more years of vanilla, chocolate, strawberry and every other flavor of sex you can possibly enjoy in your lifetime!

Did you know?

Morning sex can help prevent you from getting a cold? It's true, morning sex increases levels of IgA which is an antibody that helps fight against infection. Also scientists have confirmed that an hour of sex burns almost as many calories as a 30-minute jog. So really morning sex is like taking your daily vitamins and having a workout at the same time. Efficient!

Not to mention you'll look hotter. Seriously, sex releases boosted levels of estrogen and testosterone which make your skin and hair stronger and healthier. Researchers also found that morning sex is a natural stress-reliever and these effects can last for at least seven days, meaning your early Monday romp could ease those Sunday Blues. And thanks to those same endorphins, you can skip the coffee as endorphins work as much more effective pick-me-up than caffeine. So have at it!

Make a Sex List!

Making a Sex List is a fun, easy game to keep things exciting. It's also great because once you complete your partner's 'Sex List' then they have to do something nice for you, like take you out on a hot date, cook you dinner or take you to the movies. And once they complete your 'Sex List', then you have to do something nice for them.

Here are a few examples:

- Give you a full-body massage, with a happy ending
- Give him a super-slow blowjob
- Make-out for a full 20 minutes
- Kiss her all over her body for a full hour
- Softly massage his balls for 10 minutes while giving him a handjob
